If a Fairy Tale Was True

BY

Haileigh Gideon

If Fairy Tales were true
There would be a prince for you
The prince would be nice
And you wouldn't have to pay the price
He would love you like no other girl
Even in a twirl
However,
Fairy Tales aren't true
So no prince for you
Some men aren't nice
So you would pay the price
Some men love other girls
Especially in a twirl
Because, your match isn't out there
You may think that it isn't fair
But you will have fights
And bad nights
But hopefully there will be a better day
For I say
It is normal
For no formal
To love and fight with new
Because Fairy Tales aren't true.
